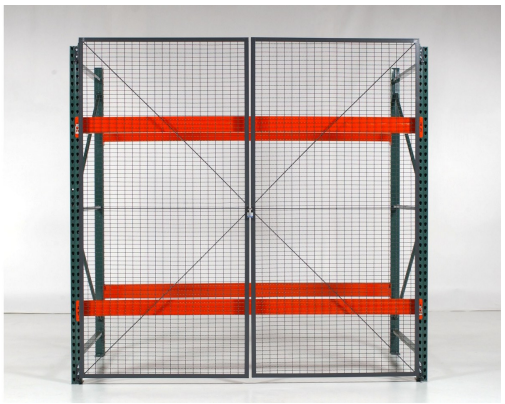
Steel Double Hinged Rack Gate 96 In. x 120 In. x 1-1/4 In. Gray

MODEL RDHG-810

Storage Solutions / Pallet Rack Security Gates



PRODUCT OVERVIEW

The RackBack panel bolts directly to your existing pallet rack uprights creating a sturdy barrier between inventory and the ground below. Durable all welded, angle frame panels give constant protection from dangerous spills; protecting personnel while containing inventory. The unit is competitively priced with netting style backing, easy to install and protects employees by making sure nothing can fall when pushed by a lift truck or if a pallet breaks. Panels can be stacked one on top of the other to top of rack system. The "above the top" mounting allows panels to extend above top rack beam.

KEY FEATURES

- The RackBack panel bolts directly to your existing pallet rack uprights creating a sturdy barrier
- Between inventory and dangerous spills in order to protect personnel and contain inventory
- Netting style backing is easy to install and makes sure nothing can fall if a pallet breaks
- Above the top mounting allows panels to extend above top rack beam
